Extra grip render external bonding agent

- For use on concrete, lightweight blockwork, brick etc
- Contains fine aggregates to improve render key
- One coat application, coloured red to indicate coverage
- Reduces suction on porous substrates
- Improves adhesion on smooth surfaces
- Can be applied to damp surfaces
- Waterproof

Rendagrip is an extra grip render bonding agent that contains a fine aggregate to provide an improved mechanical key before applying render on external concrete, blockwork or brick etc.

The fine aggregates are suspended in a unique waterproof polymer to ensure easy application by roller or brush.

Perfect rendering when applied over 507 Rendagrip

Cracked broken rendering when applied onto bare brick
